November 1, 2008

Dear Friends and Supporting Churches,

What a busy time it has been since the end of summer and through the fall. It has been a non-stop schedule of meetings for which I thank the LORD. This summer was the first summer in many years that I held several youth conferences. I was very thankful how the LORD blessed in these conferences. We had over 100 young people surrender to full-time service in each of these conferences. Then in my regular revival meetings God blessed in a tremendous way. In every meeting that I have held, God has blessed us with several souls being saved. I believe the highlight of these meetings would come in two separate churches. In one church we had over 40 people walk the aisles for salvation and in another we had over 50 accept Christ. Praise the LORD for how He blessed in these meetings and even in the other meetings that could not be mentioned for space.

One of the highlights of the past few months was my trip to the Philippines. Dr. Russell Anderson and I took the trip together to preach at Dr. Rick Martin's pastor's conference. While I was over there, I had the opportunity to preach for my brother-in-law, missionary Sam Heidenreich. God blessed us with a great Sunday service with over 50 people walking the aisles for salvation. On Sunday night I preached a sermon on the need for Sunday school teachers and we had several adults surrender to become a Sunday school teacher in the next two years. After spending some time with my brother-in-law, I traveled over to Bro. Martin's to preach at his conference. There were over 1000 pastors in attendance in this conference and God blessed in a great way with the altars being filled. I have received several emails in regards to how the sermons helped the people while I was there.

Since the last newsletter, I have started the first phase of my online newspaper. In the past couple of months I started sending out daily devotionals. These have gone over better than expected. I have seen the database for these devotionals double from what I originally started with. The LORD blessed in supplying the needs for a computer so that we can get the website ready to launch. We hope to have the online paper ready to start publishing by the beginning of January. Please pray that God will continue to help us in this endeavor.

Please continue to pray for God's blessings on the remainder of the meetings that we have this year. I ask that you would also pray that God would supply the remainder of our needs for the online paper. We will need to raise approximately \$2000 just to pay for the advertising to get this going. Of course this is purely a low estimate. I know God can and will supply this need.

I appreciate all of your prayers and financial help that you have been to this ministry. What has been accomplished this year would not have been possible without your prayers and financial support. We love all of you and hope that you have a blessed holiday season.

Sincerely,

Allen Domelle  
Evangelist
